<b>Emergency permit holders</b>	0%	2%	5%

SOURCE: 2007 CBEDS data, California Dept. of Education. County and state averages represent continuation high schools only. Because teachers can hold more than one type of credential, percentages rarely add up to 100 percent.

Our teachers bring an average of one year of teaching experience to their classes. All of our teachers have a full credential. Statewide about 94 percent of continuation high school teachers hold this credential.

### Average Class Sizes

CORE COURSE	CONTINUATION HIGH

The average class size of core courses varies at our school from a low of one student to a high of four students. Our average class size for all classes schoolwide is two students. The average class size schoolwide for other continuation high schools in the state is 17 students.

### Students

The factors above may affect students' performance in school.

## COLLEGE PREPARATION

Two factors indicate how effectively we prepare students for college: whether students are taking the courses required for college admission, and where students ultimately enroll in the state's public college system.

## MEASURES OF ACADEMIC PROGRESS

**ACADEMIC PERFORMANCE INDEX (API):** This is California's way of rating schools. Using student test scores, the API places schools on a scale from 200 to 1000. Please note that as of September 2008 our school had not been issued an API. The state expects schools to attain an API of 800 eventually. Many continuation high schools account for their results using the [Alternative School Accountability Model \(ASAM\)](#). If you see "N/A" in the tables below, ours may be an ASAM school.

**ADEQUATE YEARLY PROGRESS (AYP):** This is a federal measure that requires schools to meet test score goals schoolwide and for all subgroups\* of students. We met all four criteria for yearly progress. As a result, we succeeded at making AYP. Note that the number of criteria may vary from school to school.

CALIFORNIA API ACADEMIC PERFORMANCE INDEX		FEDERAL AYP ADEQUATE YEARLY PROGRESS	
<b>Met schoolwide growth target</b>	N/A	<b>Met AYP</b>	<b>Yes</b>
<b>Met growth target for prior school year</b>	N/A	<b>Met schoolwide test participation rate</b>	N/A
<b>API score</b>	N/A	<b>Met schoolwide test score goals</b>	<b>Yes</b>
<b>Growth attained from prior year</b>	N/A	<b>Met subgroup* test participation rate</b>	N/A
<b>Met subgroup* growth targets</b>	N/A	<b>Met subgroup* test score goals</b>	N/A

 \*—Numerically significant groups, such as English learners and ethnic groups, with separate API and AYP goals.
